

SUHAYB DAHIR

Web developer/Graphic designer

About Me

As a dedicated student with a passion for both graphic design and front-end web development, I am continually expanding my skills and knowledge in these dynamic fields. My experience includes freelance graphic design projects, where I have successfully delivered creative and effective visual solutions. Currently, I am advancing my expertise in front-end development, mastering the latest technologies and frameworks to create engaging and user-friendly web applications. Eager to apply my creative and technical abilities in real-world projects, I am committed to growing as a versatile and innovative professional.

EXPERIENCE

Youtube Content Creator

I managed my own YouTube channel, handling all aspects of video production, including video editing and thumbnail design. This role honed my skills in content creation, visual storytelling, and audience engagement.

Freelance Graphic Designer

I provided freelance services for YouTubers, creating custom thumbnails, channel logos, banners, and intro/outro animations. This experience allowed me to develop strong design skills and a keen understanding of branding and visual aesthetics.

English-Somali Interpreter

I worked as an interpreter, facilitating communication between English and Somali speakers. This role enhanced my language proficiency and cultural awareness, enabling me to bridge communication gaps effectively.

University Event Graphic Designer

I designed posters and social media graphics for my school's TEDx events, ensuring impactful and professional visual communication. This experience taught me the importance of clear and compelling design in event promotion.

EDUCATION

Cyprus International University

Bachelor of Software Engineering
2021-

University Of the People

Associate of Computer Science
2022-2024
